

Azimut Bus Solutions launches the first onboard entertainment for passenger´s own devices with Live Satellite Television.

Azimut Bus Solutions presents all its innovative offer of on-board entertainment, live TV, professional WiFi in Busworld Europe Kortrijk 2015, STAND 947 Hall 9

Azimut Bus Solutions presents its new AZIMUT Own Device an on-board entertainment system which offers the passengers access to Live Satellite TV, Music, Movies, TV Series, Documentaries, Books, Internet, Tourist info, Route information, Newspapers, Games , Magazines, Monitoring, Acces control, Usage statics, Remote cloud base acces, Surveys...; from passengers Own Electronic Devices.

All the system information is wirelessly transmitted and directly displayed on passengers own device. A unique experience for your passengers employing latest generation technology.

Azimut Bus Solutions expands its portfolio with different solutions to enjoy Live Television in buses and minibuses. Azimut TV offers different solutions in order to allow passengers to enjoy Live TV during the trip.

The company has a wide range of antennas specially designed to receive the signal in motion which reduce the interferences generated by the traffic signals, offering a great travel experience.

With Azimut TV no matter where you travel, our system offers solutions to see national and international channels regardless of where coach or bus circle.
