

Tribus Group

Busworld hall 9, stand 905

The Dutch company Tribus Group creates innovative (e)mobility solutions for the B2B market. Since 1998 they are committed to enhance people's mobility worldwide, whether they travel in a wheelchair or not. Tribus designs, manufactures and produces products for minibus converters and offers complete mini- or midibus solutions for the taxi and public transport market. At Busworld 2019 Tribus will present 3 complete new solutions; TriflexAIR 2.0, a wheelchair restraint floor system compatible for all minibus brands, the 100% electric citybus Movitas for the midi segment and a lowfloor minibus Civitas based on a VW Crafter. You can find Tribus at hall 9, booth 905.
