MAKERSAN bullish about Indian market prospects

Company’s mechatronics solutions evoke excellent response

By Pawan R. Singh

The British firm MakerSAN has been operating mechatronics solutions for the automotive industry since 1976. It provides an integrated mechatronics software solution for the design and development of mechatronics systems for the automotive industry. The company is well known for its solutions in mechatronics, mechatronics, mechatronics, mechatronics, mechatronics, mechatronics, mechatronics, mechatronics, mechatronics, mechatronics, mechatronics,
